To extend the term of supervision for _____ years, for a total term of _____ years.

To modify the conditions of supervision as follows:

Fee	_____

X Dktg	_____
CrRmDep	_____
Doc. No.	_____

The defendant shall make restitution payments in monthly installments of at least \$25.00 beginning immediately.

The defendant shall participate in a mental health program as deemed necessary and approved by the probation officer. The defendant will incur costs associated with such program, based on ability to pay as determined by the probation officer.

REASON FOR MODIFICATION:

Carey began her three year supervised release term on August 5, 2005 in Houston, Texas. As a special condition of her supervised release, she was ordered to pay restitution in monthly installments of \$500.00 upon her release from confinement. Carey currently has no income and is unable to make the monthly payment as ordered. She is being supported by family members until such time that she can secure employment. As her financial situation improves, her payments will increase accordingly.

With regards to the mental health treatment condition, Carey has struggled with early childhood abuse which has led to symptoms of depression and severe sleep problems. She has had a psychological evaluation and it was recommended that she submit to therapy and possible anti-depressant medication.

Carey has no objection to the modifications noted above and has signed the attached Probation Form 49, Waiver of Hearing to Modify Conditions of Supervised Release.
